26. How easy it was to get medical care from us in the evening, weekend or holiday without going to emergency

23. Confidence in the doctor / health care provider(s) you saw during the visit

High Priority

- 29. Amount of time health care provider spends with
- 37. Providers seemed to work well in caring for you

Satisfaction questions included on the Family Health Team Survey

Thinking about the visit you just had, how would you rate the following...

- The length of time it took between making your appointment and the visit you just had
- The options that are available for you to make an appointment with us (eg. phone, online, etc.)
- After registering, how long did you wait in the reception area PAST YOUR SCHEDULED APPOINTMENT TIME?
- The length of time you had to wait in the reception / waiting area
- The comfort of the reception / waiting area
- The courtesy and respect shown to you by the reception staff
- The ability of the reception staff to communicate in language you could understand
- Thinking about your visits over the past year or so, how often have you been able to see your PREFERRED provider

Thinking about the MAIN doctor / health care provider you spoke with during your recent visit, on a scale of Poor to Excellent, how would you rate this person on the following...

- Making you feel at ease
- 10. Letting you tell your "story"
- 11. Being interested in you as a whole person
- 12. Really listening
- 13. Fully understanding your concerns
- 14. Showing care and compassion
- 15. Being positive
- 16. Explaining things clearly
- 17. Helping you take control
- 18. Making a plan of action with you
- 19. Treating you with dignity and respect
- 20. Showing sensitivity to your needs and preferences
- 21. Having knowledge of your medical history
- 22. Giving you clear instructions about what to do after your visit is over

Thinking about the visit you just had, on a scale of Poor to Excellent, how would you rate the following...

- 23. Your confidence in the doctor / health care provider(s) you saw during the visit
- Your confidence that your personal health information was treated with the level of privacy and confidentiality that you expect
- 25. The usefulness of the information you received for managing your care and treatment

For the next set of questions, Instead of thinking about your most recent visit, we'd like you to think more broadly about your experience with us OVER THE LAST YEAR...

- 26. The last time when you needed medical care in the evening weekend or holiday, how easy or difficult was it to get care at our Family Health Team without going to the Emergency Department or walk-in clinic?
- How often are you involved to the extent that you want to be in decisions related to your care?
- When you see your health care provider, how often do they or someone else in the office encourage you to ask questions? When you see your health care provider, how often do they or
- someone else in the office spend enough time with you?
- When you call us with an URGENT medical question or concern during regular practice hours, how often do you get an answer the same day?
- When you call us with a NON-URGENT medical question or concern, how often is your question answered in a timely manner?
- How often does reception pick up the phone when you call?
- When you phone and the reception clerk puts you on hold, how would you rate the length of time you are waiting on hold?
- When you schedule an appointment over the phone, how would you rate the timing of the appointment that you are offered?

Thinking about all of the providers you have visited aover the past year or so, at the FHT how often...

- 35. Did they seem to know your medical history?
- Were they consistent in what they were telling you about your care and treatment?
- Did they seem to work well together in caring for you?
- 38. In general, how would you rate your overall health?
