

## Ontario lab results on myUHN

You can view your lab test results and pathology reports from other labs and hospitals in Ontario on <u>myUHN</u>. These results are stored in the **Ontario Laboratories Information System (OLIS).** Accessing these results, as well as your UHN results, gives you a more complete record of your care.

## Important Information About Your Results and Reports

- You can see your results as soon as they are ready in your electronic health record. Your results may change or be updated after you see them.
- You may see your results before you see your doctor at your next appointment. If you have questions, your health care team will explain your results.
- Your health care team will contact you if they need to see you sooner than your next appointment
